

Dear Friends, Dear Colleagues,

it is our great pleasure to announce the **15th ICSES Congress** and to extend a cordial invitation to attend the next International Congress of Shoulder and Elbow Surgery which will be held in Rome from May 17 to 20, 2022, at the new “La Nuvola” Conference Centre with its futuristic shape of a cloud. The Congress Venue will undoubtedly provide a worthy setting for the Conference proceedings and can accommodate the large number of participants and diversified scientific and educational activities that characterize the ICSES Meetings, with suitable exhibition space for Industry.

World experts in the field of Shoulder and Elbow Surgery will share their research, knowledge and experience and the Event will be an opportunity for exchanging expertise and fellowship amongst shoulder and elbow surgeons worldwide.

The scientific programme will include Instructional Courses Lectures, Live Surgeries, Debates and Round Tables on issues of major current interest and controversy and will reserve a wide space to the practical aspects. An important contribution will also come from Symposia organized by Industry.

Finally, a significant portion of the scientific programme will be devoted to original scientific data via oral and poster presentations of abstracts selected by peer review as during previous meetings.

There are several reasons to attend the Congress in Rome. ICSES 2022 will serve as a leading platform to **“Lifting up the Global Knowledge”**:

- Exhibit best practices and sciences
- Introduce the latest trends in shoulder and elbow surgery
- Present scientific advances
- Offer education
- Nurture networking at an international level
- Italian warm hospitality and Rome uniqueness for a unique event!

We will be pleased to meeting old friends and making new ones in one of the world’s most influential and captivating cities. For many of you, it may be a welcome return to the Eternal City, but for those who have never seen Rome, then, it is hard to believe all wonders this city can offer. Be a part of history and join us for this memorable ICSES week!

We are confident that the Congress will be outstanding and will provide plenty of “food” for thought and discussion: we look forward to welcoming all of you to Rome in 2022 to contribute together to the success of the next ICSES 2022!

Sincerely Yours,

Professor
Stefano Gumina

Professor
Alessandro Castagna
